Date

February 27, 2015

Dear Sir or Madam,

On January 30, 2015 Veyance Technologies, Inc. has been successfully merged with Continental ContiTech group worldwide.

Consequentially, we have changed our logo from Goodyear Engineered Products to Continental ContiTech. From now on we will use Continental logo on our documents, such us letters, invoices, pro-forma invoices, order acknowledgments, packing lists, dispatch notes etc.

There is no change in how we interact; terms and conditions, invoicing, logistic, our legal entity name, bank details, VAT etc. stay the same.

Hereby we inform you that Goodyear logo on the Industrial Hose & Hydraulics will be changed to Continental Contitech. Most of the product name or sub brands will stay the same with the exception of the list attached as a second page to this letter.

We confirm that we continue to supply the same quality products.

For any further information, please feel free to contact your sales representative or customer service.

Thank you for your continued support.
Yours sincerely,

Same PRODUCTS.
Same PEOPLE.
Same QUALITY.
Same TECHNOLOGY.
Same MANUFACTURING PLANTS.

The ONLY thing that's changed is the name.

THE LIST BELOW SHOWS WHICH OF OUR COMPOUND AND HOSE TRADE NAMES WILL TRANSITION. THE REST WILL REMAIN UNCHANGED:

Current Branding	Future Branding
Horizon®	Frontier
Explorer Air®	Prospector Air
Gemini®	Twin-Line
Wingfoot®	Variflex
Spectra®	Sani-Wash Plus
Thor™ Dock Hose	Plicord Dock Hose
Ultragrip	Instagrip Plus
Marathon	Plicord Floating Fuel Delivery
Versigard (Compound)	EPDM (Compound)
Plioflex (Compound)	SBR (Compound)
Tufsyn (Compound)	Chemituf (Compound)

As we join together with Continental ContiTech, you can take confidence in knowing that everything you've grown to rely upon, believe in and trust with Veyance Technologies is still here. We always have and always will be proud to stand behind every industrial hose, fitting, accessory and product.
